Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: the Downes reference was discussed in terms of not being valid prior art in view of MPEP 706.02(I)(2), as the applicants suggested in their response dated March 23, 2007 and in this interview. Per page 700-60 of the MPEP and MPEP section 706.02(I)(2), and contrary to the final rejection of July 25, 2007, the applicants have fulfilled the requirements to overcome the Downes reference as prior art, and thus the final rejection mailed July 25, 2007 is improper since Downes is a base reference in the 35 USC 103(a) rejections of all rejected claims. As a result, the finality of the previous Office Action of July 25, 2007 will be withdrawn. A non-final action or a notice of allowance will follow this interview summary later this month.
